

# SDGs x Fashion Framework

**1 Using the SDG Cards:**  
Select 3 SDGs that align with your organization's values and goals.

**2** Brainstorm ideas on how your business can directly target each of the goals you selected. Feel free to anotate complementary SDGs that could help with the main goals, or that you can focus at a later stage.

## 3 Using the Value Chain Cards:

Brainstorm, where and how in the value chain, you can positively impact the selected SDGs.

Begin at 'Fibers & Materials' and move clock-wise

Use the Brainstorming questions on the cards to guide you as you move through the value chain.

*Note: You can map the value chain of a specific product or do a general mapping of your organization's supply chain.*
